Fees been in place since 2010. I feel rates should be adjusted - not for profit should receive for less, commercial more, classes much less, and offer a 50/50 rate structure for program instructors (instructor keeps 50% of revenue, facility keeps the other 50%)

Market, staff and equipment costs, room size and purpose of the meeting.

fee rationale is based on what our costs, what other facilities in the community are available and their fee charges and who is using our facilities

Space set on per room rental rates. Full details search for Town of Golden Bylaw Number 1305,2012

Our fees differ for room rentals based on what type of organization is booking the room. We have four different rates for each room

Price is based on occupational loading. Amenities is not used as an extra fee.

Unable to complete the meeting room section as each facility has a different fee and it is not dependant on room size. See www.abbotsford.ca Fees & Charges Bylaw for room rental information

combination - we also look at community groups using the facilities

Historic costs based on a small annual increase. Staff are presently looking for data from other communities to provide some changes for council approval. Internal review rates and take feedback from groups on setting reasonable rates for public.

Initially compared rates to other communities, and apply annual increases to offset increases in wages, utilities etc. However in 2010, major renovations were needed at our Memorial arena - Council determined costs for this upgrade was to be spread out amongst arena users only, but across all three arenas - this resulted in an immediate 25-40% increase, followed by five additional annual increases of 5% each. Arena revenue has not been increasing because the rates are becoming prohibitive. Staff have convinced council to spread out the 5% increases over ten years instead of 5.

It is formula driven. Community input required before fee implementation sets a 5 Year schedule at an average of 3% increase per year.

Combination between operational costs, market, and neighbouring communities.

Fees and Charges Committee sets the rates and it is a Bylaw.
