RFQ-2021-10 - Supply of Distribution Transformers

RFQ ISSUE DATE: Tuesday, February 16, 2021

RFQ CLOSING DATE: Monday, March 15, 2021 14:00 PST

The District of Summerland is one of five municipalities in BC that owns and operates its Electrical Utility. Summerland purchases electrical energy from the transmission system wholesaler and sells that energy to residents through the Electrical Utility's distribution system. The power system utilizes a system voltage level of 8kV which will be upgraded to 25kV over time. The District requires a Supplier or Suppliers to provide a number of electrical distribution transformers:
